

# PORTABLE 60x60

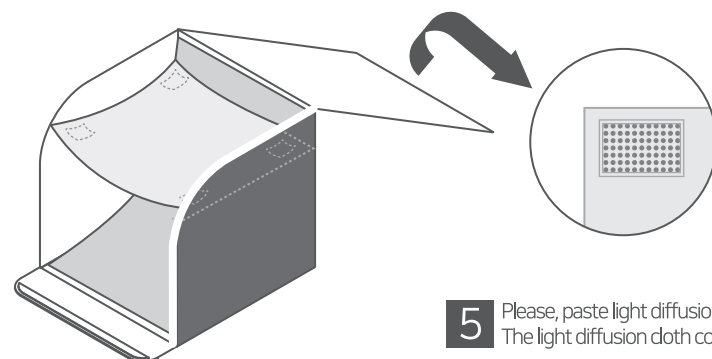

## Mini Portable Photostudio

### mini LED STUDIO BOX

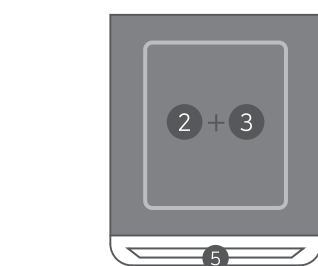

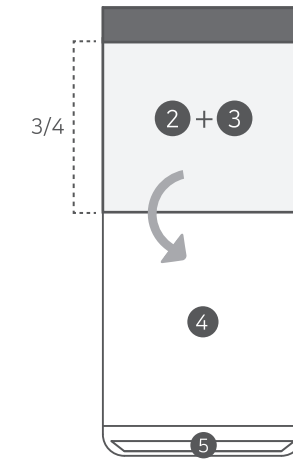

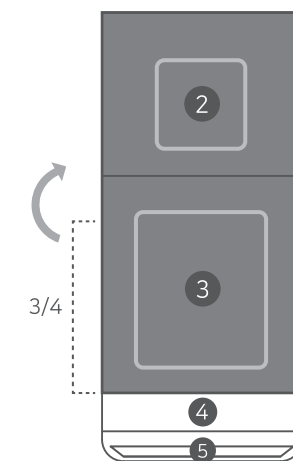

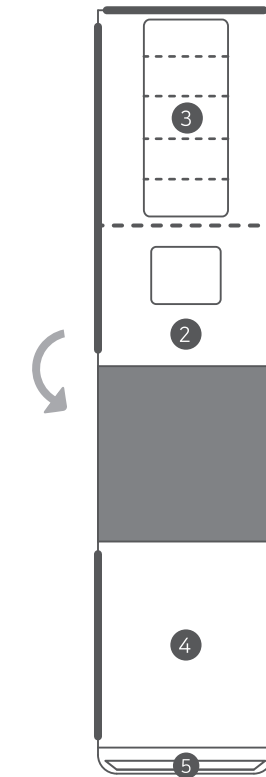

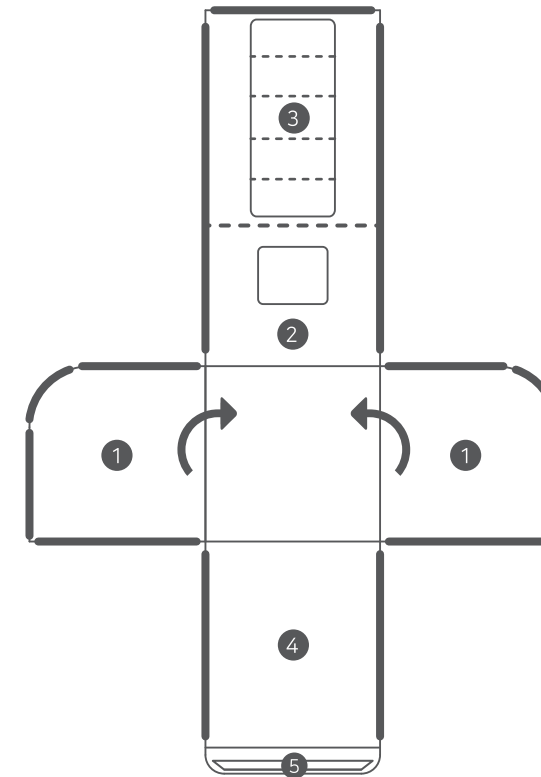

- It help you get clear picture for the subject with your DSLR Camera & smartphone.
- create the adjustment of brightness and warm atmosphere with LED controler & LED light.
- This mini studio can be bent and folded like a newspaper without the damage of LED lamp.
- Simple installment with velcro attached in 2 ~3 munites.
- high- quality silver embossing panel
- The light diffuser efficiency is good, The diffused reflection let light loss reduce
- It makes 6 LED lamp bar light up equally without shade.

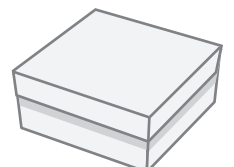

※Caution : We don't recommend the usage of Light diffusion cloth, except Reflective products(subject) Due to there would be the loss of light with using light diffusion cloth.
